

U.S. Bank Access® Online Payment Plus Forums

The focus of the Access® Online Payment Plus Forums is on helping organizations find ways to improve their processing efficiencies by reducing overall costs through payment automation. This goal is achieved through an informative series of presentations and interactive panel discussions that get all participants involved.

Attendees walk away with a deeper understanding of the payment issues that many organizations face and how Payment Plus can help improve their overall payment processes. Participants exchange ideas that can be implemented quickly to make an immediate impact to their overall bottom line.

The Forums consist of:

12:00 – 1:00 pm Greeting and Lunch

1:00 – 1:15 pm Opening Presentation

This session will provide a lively introduction to the day's activities. The event's interactive tone will be established as all participants share their current payment system role and how it impacts their overall perspective.

U.S. Bank Moderator

1:15 – 2:00 pm Introduction to Access Online Payment Plus

The focus of this session will be on identifying the business need for Payment Plus and providing a common understanding of Payment Plus features and benefits.

U.S. Bank Presenters

2:00 – 3:15 pm Interactive Attendee/Bank Discussion and Question/Answer Session

One of the most productive and popular features of our Payment Plus Forums, attendees benefit from this dynamic exchange of industry issues and payment process improvements. Participants are challenged to rethink their current processes and to establish contacts that can help them in the future.
